

Directions: Print and laminate this visual, then place it near classroom and bathroom sinks. Use the pictures to support your verbal directions by pointing to each step as you say it (e.g., “Get soap”). Ask simple questions such as, “*What’s next?*” to encourage students to point, name, or demonstrate the next step.

The goal is to help every child learn the routine so well that they can complete all the steps **independently** over time!
